Democratic Delegate To Congress

CHARLES A. SULZER

Senator Charles A. Sulzer, of Sulzer, Alaska, was nominated for Delegate to Congress by the unanimous action of the Democratic convention at Juneau on May 26th last. Senator Sulzer is one of the best known men of this section and a brief review of his history is of interest to all.

Charles A. Sulzer, operator of one of the largest copper mines of Southeastern Alaska, Territorial senator and leading citizen of the First Division, came to Alaska in 1902, to take charge of the copper mine at Sulzer, 60 miles from Wrangell where he has since resided. He is a twofold of former Congressman William Sulzer, of New York, who was regarded as Alaska's best friend in the National Congress, and since his arrival in this Territory he has taken a prominent part in its public affairs.

As superintendent, manager and operator of the mining properties at Sulzer he has made good. His mine has produced copper to the value of several millions, and its capacity for production is being largely increased.

Mr. Sulzer was elected to represent the First Division of Alaska in the Territorial Senate, being the only successful nominee of the Democratic Divisional Legislative ticket. In the first session of his term, he demonstrated that he is one of the strong and forceful characters of Alaska. He took great interest in all phases of legislation that came to the front during his first session which continued from March 1st to April 30 of the past year. He devoted long hours to the work, and was conceded to be not only one of the strongest and readiest debaters in

either house, but one of the clearest thinkers and most useful members. While thoroughly progressive he is intensely practical, and always unselfishly patriotic.

Born on a farm at Roselle, New Jersey, February 24, 1879, he attended public school, Pingry School and graduated from Berkeley Academy of New York City; passed examinations to Princeton University, but before entrance time he joined the 4th Regiment New Jersey Volunteers in the Spanish American war, and after being discharged from the army he spent one year at the West Point Military Academy. As a boy Mr. Sulzer was a prominent athlete in the East.

Senator Sulzer is a thorough Alaskan. His affection for the Territory and his confidence that it will have a wonderful future are unbounded.

Senator Sulzer is a member of the Elks Lodge of Elizabeth, No. 289, and is one of the trustees of the Grand Camp of the Arctic Brotherhood, also of Ketchikan Aerie Fraternal Order of Eagles, and is dictator of Sulzer Lodge 1205 Loyal Order of Moose.

Mrs. Sulzer was formerly Miss Gertrude Harrison of Ketchikan. They have one son, a boy of nine years.

Mr. W. L. Landsborough arrived down from Skagway last week and will make Wrangell his future home. Mr. Landsborough is assistant cashier in the local Bank of Alaska.

Many Ships Are Sunk In Baltic

Petrograd, June 15—A naval battle occurred yesterday in the Baltic Sea when several Russian destroyers attacked a fleet of German merchant vessels which were being convoyed by an auxiliary German cruiser and several destroyers. The Germans lost the auxiliary battleship *Herzman*, one destroyer and twelve merchant vessels, the loss of life is not known.

Big Storm Rages—Vessels Driven Ashore

Seward, June 15—The tug *Sampson* towing a barge of lumber to Anchorage was driven ashore at Yakutat by the terrific storm which raged for several days. The barge became waterlogged in the storm and was driven south by the storm. No lives were lost as far as is known.

Seward, June 15—The tug *Roscoe* from Anchorage with the barge *Lawrence* in tow is four days overdue.

Juneau, June 15—The Captains of the *Alameda* and *Admiral Watson* say that the storm which has swept the Pacific for the past few days is the severest that they have ever seen on the Kenai Peninsula.

Berlin Claims A Submarine Did It

Berlin, June 15—Today's papers published a statement from the officials to the effect that the *Hampshire* was sunk by a submarine. The Italian squadron is bombarding Parenza. The harbor at Hamburg is filled with battered warships undergoing repairs.

Lloyd George Will Succeed Kitchener

London, June 15—It is believed today that Lloyd George will likely succeed Lord Kitchener.

The new river boat *Cassiar* of the *Cassiar Transportation Co.* is on her first trip up the river at present. The new vessel encountered some difficulty at first but is reported to be making it through in fine shape now.

Wrangell Planning A Big Celebration For The 4th of July

Russians Capture Many

Petrograd, June 15—During the great offensive drive now on the Russian forces have driven the Austrians twenty miles and captured a hundred and twenty-two thousand men, a hundred and thirty field pieces and two hundred and sixty field guns.

Big Shig Goes Ashore In Heavy Fog

San Francisco, June 15—The *Portland* to San Francisco steamship *Bear* is ashore on the Mendocino County coast, having struck in a heavy fog last night. A call for aid was sent out and the battleship *Oregon* answered taking off all passengers. The sea is calm and it is believed the vessel will be taken off today.

Russians Are Engaged In Great Battle

Petrograd, June 15—The Russians are battling on the northern and eastern outskirts of Czernowitz. Terrific fighting is reported. The Austrians are using larger artillery than ever and are trying to repulse the Russians. During last night the Russians cut all railway leading to the district.

Berlin Admits Big Losses In Sea Battle

Berlin, June 15—The Admiralty last night admitted the loss of several ships in the Baltic Sea during an engagement with Russian vessels.

Russians Moving To Relieve Verdun

Paris, June 15—The Russian troops in France have begun moving to relieve Verdun and strained points on the Italian front.

Wrangell is going to have a glorious celebration this Fourth of July from the way things look. The past week the General Committee for the celebration, Messrs P. C. McCormack, C. M. Coulter and Chas Benjamin, have circulated a petition and have raised a substantial sum to defray expenses which assures us of a grand time.

A meeting was held at the City Hall last night to further arrange matters and assign sub-committees to handle the different ends of the celebration. Many new and interesting features are promised for the day, such as a greased pig contest, a wrestling match and many others to numerous to mention, although the program is not made up as yet. An effort is also being made to have Senator Sulzer here to deliver the address of the day. The General Committee have appointed the sub-committees with great care and have a crowd of hustlers who assure a good time. The different committees are:

Its A Funny Old World!

It's a funny old world after all. It seems there is as many different kinds of ideas of running the town as there are different kinds of people, and that's a good many. It seems that some people who profess to have the best interests of a community, or the interests of public institutions within that community, at heart haven't the foresight to see over their own noses. If a project that pretains to the bettering of conditions or otherwise improving our codditions, for some personal interest, or grievence, they fight it because they can't see a dollar in it for themselves. If we are goinp to make Wrangell a city it is going to take a lot of good boosting and the cooperation of every person calling Wrangell home and if some are going to knock every improvement proposed they had better go off and die. Some people remind us of a certain breed of animals anyway even if their ears are not long enough their jaws are. As we were ssying, it's a funny old world after all.

On the first page of the Sentinel this issue we are printing an interview with Senator Charles A. Sulzer who was nominated at the recent convention held in Juneau for Delegate to Congress. In placing this before our readers we are doing so as a news item as Mr. Sulzer is well known here. The Sentinel is not a political organ but from what we know of Senator Sulzer he would make a good man for the position, provided he can beat the "old war horse" James Wickersham.

The White House
Washington, April 21, 1916

To the Business Men of America:

BESPEAK your cordial co-operation in the patriotic service undertaken by the engineers and chemists of this country under the direction of the Industrial Preparedness Committee of the Naval Consulting Board of the United States.

The confidential industrial inventory you are asked to supply is intended for the exclusive benefit of the War and Navy Departments and will be used in organizing the industrial resources for the public service in national defense.

At my request the American Society of Civil Engineers, the American Institute of Mining Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Chemical Society are gratuitously assisting the Naval Consulting Board in the work of collecting this data, and I confidently ask your earnest support in the interest of the people and government of the United States. Faithfully yours,

New Street Coming In Fine Shape

McKinnon Street certainly presents a new and pleasing appearance since the new walk was laid this week. Messrs Ole Johnson and Chas Nelson have the contract for the new street which will extend from Church Street up McKinnon Street to Cassiar Street, a distance of about 150 feet, and then down Cassiar for about 80 feet. Also there will be 160 feet of walk built on Varrett Street from Cassiar up the hill. The new streets are a credit to their builders and certainly are being built up to satisfaction. The contractors expect to have all the streets done by the first of July.

Notice To Firemen Of Co. No. 1

Special meeting of the Wrangell Fire Department of Co. No. 1 at 8 P. M. City Hall Monday June 14th Arranging for the Fourth.

—By Captain

Mrs. C. E. Richmond, the well known entertainer, who has been in Juneau for the past two weeks, left on the Alameda for Anchorage where she will join her husband who is in charge of the new moving picture house of Capt. A. C. Lathrop.—Empire.

Kalkins Building New River Boat

What appears to be one of the best models of a river boat that has been built in Wrangell is now underway at the Grant boat shop where A. J. Kalkins and son Ed. are building a 30 foot double tunnel river boat. The new vessel is 30 feet long and 20 feet wide and will draw about a foot of water loaded. The power will be provided by two 28 h. p. engines. The boat is expected to be in operation by the first of July.

New River Vessel On Stikine

The Talbot, the new river boat of the Hudson's Bay Company arrived up from the south last Friday and left Tuesday morning for her first trip up the river. Manager French of the company is aboard the vessel. The new vessel is the finest gas boat ever in Wrangell for use on the river and should be a success.

Mr. Geo. Irving, well known lawyer of Juneau, was in town for several days past. Mr. Irving was here in the interest of the liquor dealers and on his return to Juneau will place before Judge Jennings several points of the election.

Finds Watch After He Sobers Up

James Albert, a native from Sitka, after consuming a little too much "fire water" Tuesday night in some manner misplaced his watch and on meeting Lawrence Case and Andrew Hanson near the light plant asked them to help him hunt it and on his refusal he concluded they had stolen it and so reported it to the Marshal. All three parties were before Judge Thomas yesterday afternoon and the boys were dismissed as a search was made of James Albert and the aforesaid watch found in his inside coat pocket along with a half flask of the joy fluid. Albert was fined ten dollars and cost and will board it out at the Hotel'd Wallace.
